the f*** is branding?

upgrade

based on market analysis and metrics

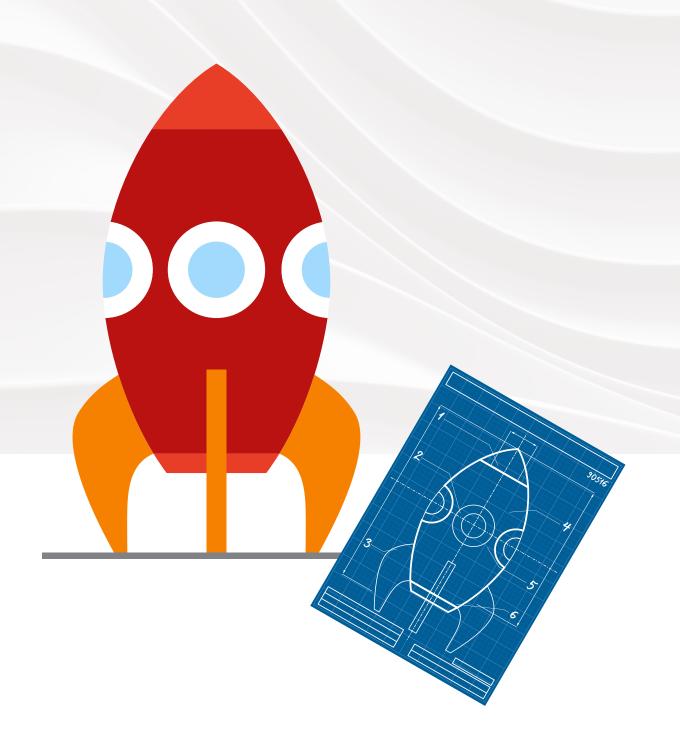

FIRST THINGS FIRST

The KYC Know Your Client principle

We believe that getting to know our Client is crucial in serving their needs; so before anything else, we get to know them better.

FIRST THINGS FIRST

Competitive Research

By using the right tools, we learn who exactly we are competing with for the same keywords, we review their ads and landing pages.

Depending on your business goals, we target specific countries, cities, or even groups of people with specific interests, intents, and demographic information.

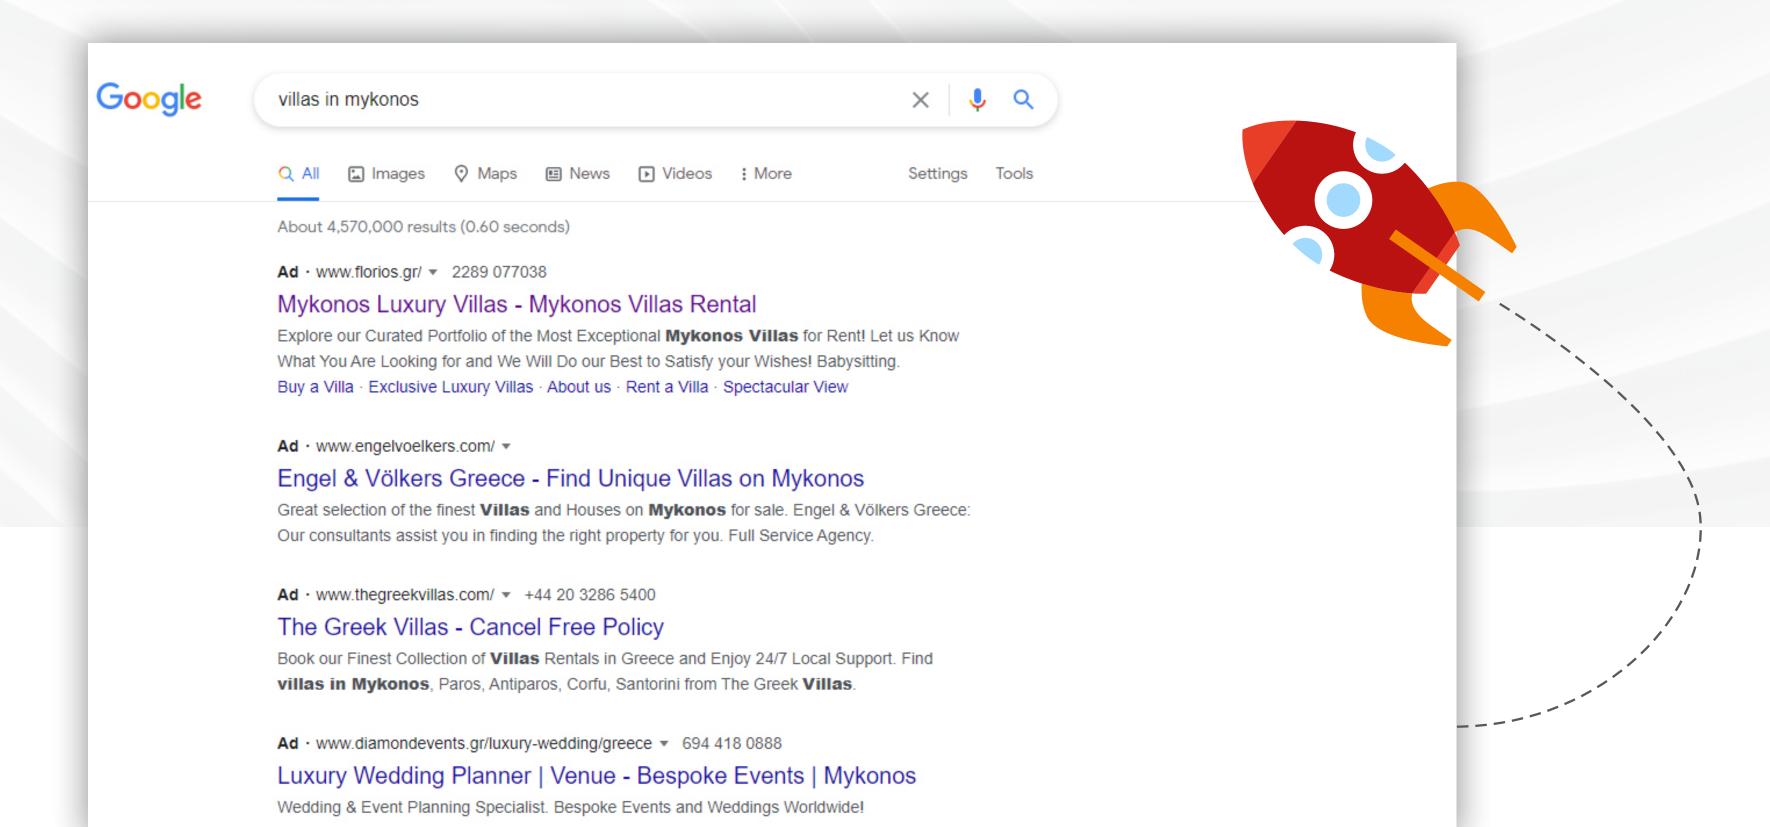

LET'S CREATE A CAMPAIGN

Google Search

Search Campaigns let you reach people while they're searching on Google. We create and show ads to people actively searching online for our Client's products and services.

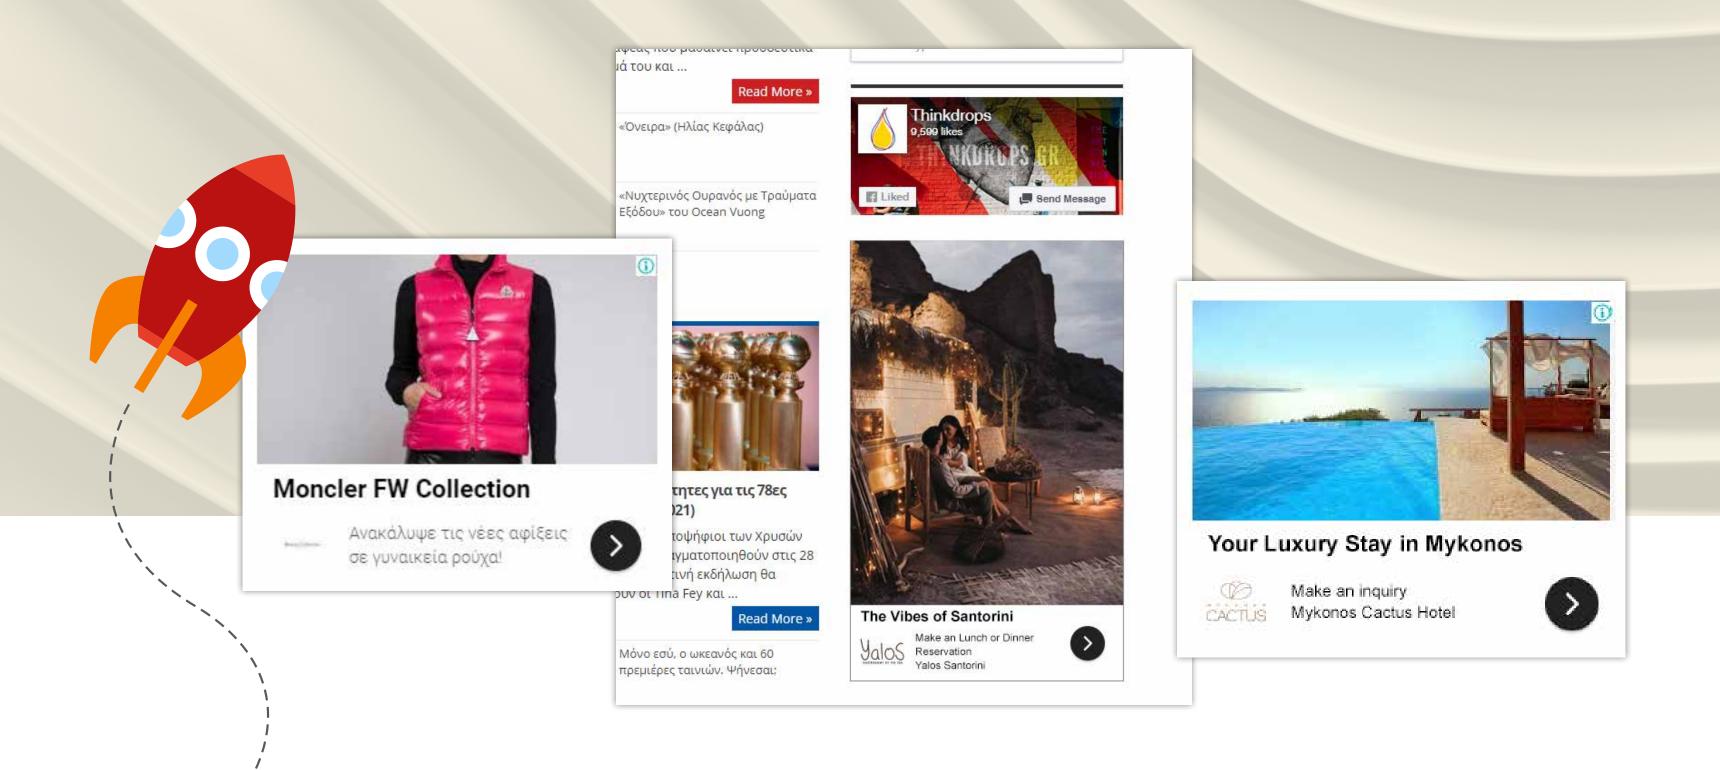

LET'S CREATE A CAMPAIGN

Google Display

The Google Display Network reaches 90% of users worldwide across millions of websites, Gmail and YouTube.

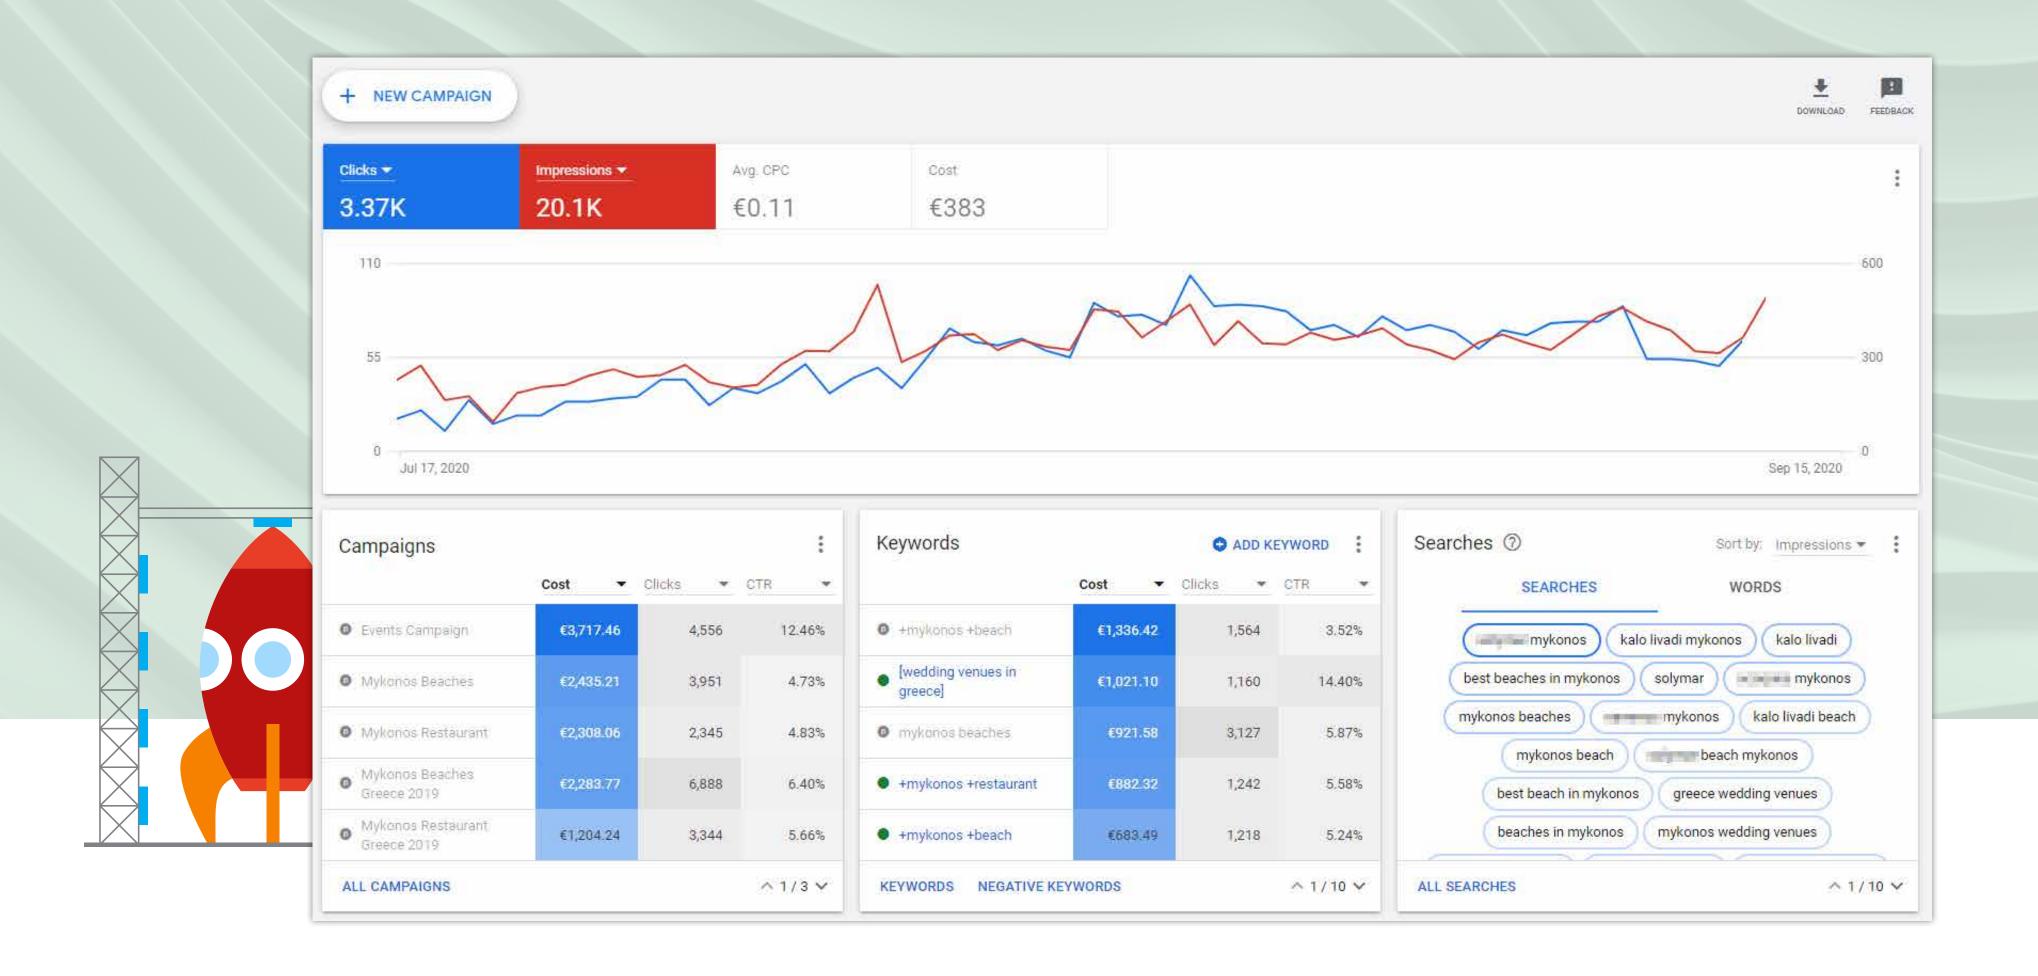

We help our Client reach more people in more places online.

CONTINUOUS OPTIMIZATION

An efficient and continuous optimization is crucial for the success of the Campaigns.

CONTINUOUS OPTIMIZATION

The main goal of Google Search Ads is maximum return on ad spend (ROAS). Knowing which campaigns and ads offer the best return is essential to ensuring our Client's budget is allocated propriately.

Optimization may involve various changes from adding new keywords to redistributing budget or changing targeting settings.

CONTINUOUS OPTIMIZATION

The main goal of Google Display Ads is to build Brand Awareness, i.e. to reach users wherever they are on the web and build positive brand perceptions.

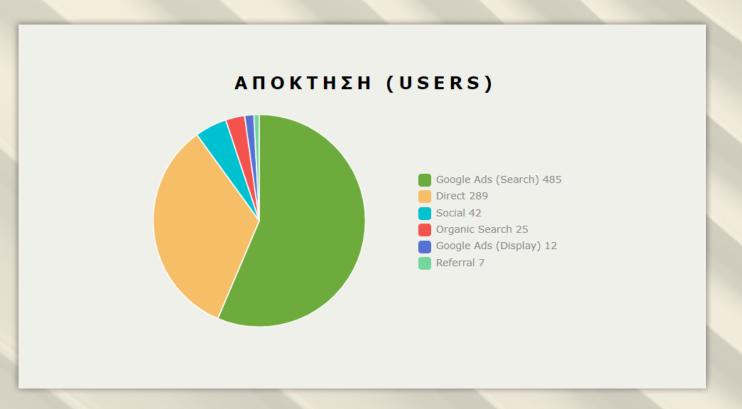

Optimization may involve various changes from tweaking CPC bidding settings to updating banners.

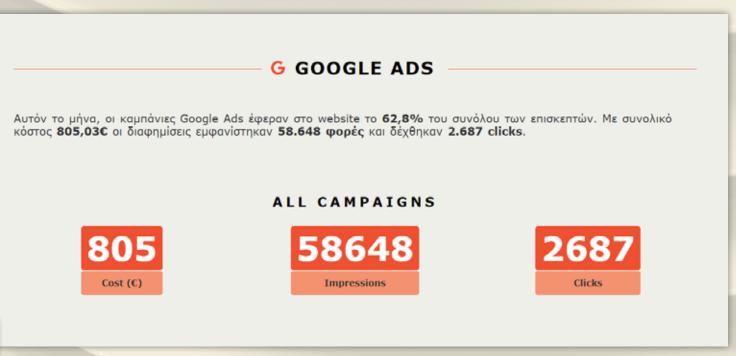

MONTHLY REPORTING

Creating new client reports every month, we share results that inform our Client of essential KPIs and the overall ad performance.
